

Estimates for development needs at the School:

• Providing a maths set	£2
• Providing a set of notebooks	£3
• Providing a scientific calculator	£5
• Providing one mosquito net to prevent malaria (covers two children in a bunk bed)	£5
• Providing one blanket for boarding children	£5
• Providing one single mattress for boarding children	£20
• Providing one wooden bench to seat 3-5 children (depending on their age)	£15
• Provide one very large cooking pan	£100
• To convert one wooden classroom into permanent bricks & mortar structure	£1,000
• Plastering the walls, putting in a concrete floor and painting the main dormitory	£1,000
• Construction of a further dormitory for 50 children	£20,000

Financial matters

Setting up the school involved considerable financial sacrifice by the directors who continue to put in a great deal of their own time without payment. The school is now financially balanced in that income from all sources within Uganda (school fees plus donations from the directors/others) just about equals that of day to day expenditure.

The school directors are committed to transparency for all outside donors and welcome annual independent audits. Dr Stuart Creed visits the school at least annually where he carries out the annual audit.
